Happy Fall everyone,

It feels like just yesterday when I sat down to write my letter announcing our last Definite Difference Sale that would be the dispersion of our herd. But here I am again, inviting you to Definitely Different 2016 this October. Evidently, I just cannot seem to stay away from the Herefords.

It has been a big year of change around Ridgeview; roles changed, responsibilities mounted and the work got a little bit harder, but looking back, it was all worth it. I decided to accept an Agronomist position at Caledonia Farmers Elevator, and leaving the farm everyday required my beautiful bookkeeper Jami to become my laborer. She has worked so incredibly hard making sure all of the chores were done. The children and cows were fed, the crops were planted, she kept her successful freezer beef operation running smoothly... and only 2 tractors caught on fire! My family made the new job opportunity transition so much easier and I am grateful for their dedication to keeping Ridgeview running smoothly.

The kids are sprouting so quickly before my eyes. Hailey turned 21 in June, obtained a great internship opportunity this summer and is starting her junior year at Olivet College. Max is going to be a sophomore in high school and spends his time doing back flips around the farm and simultaneously keeping his mother on his toes with all of the tricks. Grant is my 7th grade work horse, he is handling his Type 1 Diabetes like a champ and refuses to be slowed down. Then there is my 10-going-on-18 baby Bergy (Nolan). He keeps us laughing and is looking forward to football starting, but definitely not school as he will tell you.

If we didn't have our consignors, both old and new, this sale would not be happening. We are very proud to be offering you an incredible set of cattle from all over the Midwest. Thank you to our consignors: **Landrum Family Farm, Grand Meadows Farm, and McDonald Farm**. You have certainly made a mark with the high quality stock you have brought to the table. We are forever Thankful for our partners in this great breed; Joan Cutler of Cutler's Little Farm, Dave and Vicky Rollins of Rollins Hereford, and The Goble Boys of Goble Cattle Co.

So, welcome back once again to Ridgeview Farm for the Definitely Different Sale. It is our utmost pleasure to be hosting you and I trust that you will be satisfied with the offering that is coming your way.

Bob

Dam of Lot 1

This son of the World Hereford Conference Grand Champion bull Game Day is a super attractive, soggy made herd bull. His pedigree is star studded and his EPD profile is balanced with no extremes. He should be a problem free sire that leaves excellent daughters. His dam is one of our very top young cows from the proven and predictable Dakota 329N family. She was one of our all time great producing females. Owned by Cutler's Little Farm & Goble Cattle Co.

If you are looking for that extra performance then look no further. This calf is growthy, packed with power and meat and is out of a tremendous Keayla Harr bred mom. His sire was one of the top sons ever produced by Kilowatts. This calf's yearling weight EPD of 107 ranks him near the top of the breed and his milk EPD is just right. He should adds pounds which adds dollars.

It is difficult to sell this female. She depicts the quality, style, pedigree, and EPDs that we strive to combine in one package. Everyone who sees her just falls in love and comment on the “cow look” she already expresses. The Trust daughters have proven to be some of the most valuable brood cows this breed has to offer. With the proven donor 225U for her grandam we know this little lady will step right up at calving time.

If we stay in the Hereford business till we are old and gray we still want Kilowatts daughters as part of our program. We brag on our Kilowatts females but we also admire the way he sires bulls and steers that fit our needs so well. He puts that neat look, soundness, volume and muscle shape into them. This calf can be a herd sire for many breeders and needs your close inspection. His dam is a terrific two year old we acquired from Jeff and Cecil Jordon in Ohio. Her dam 34P was a donor for Grassy Run Farm in West Virginia. There is power in this pair.

In 2004, when we bought our first Hereford, our family would never have dreamed where the Hereford breed would take us! We have come from a few chosen Herefords from the Michigan State herd, to an elite group of donors and sires which we are really proud of. Along the way our girls and us have learned a ton – about each other, ourselves, and the cattle. We have been blessed to be allowed to hold some leadership positions in the breed as well, both at the state and national level. As we have grown, so has our herd – and now seems to be the time to sell a few of those cattle. We truly appreciate the friendships we have built as well, and are truly honored that the Gobles have asked us to participate in the first Definitely Different Sale!

It's a privilege to be included in the Definately Different sale and with that in mind we decided to include one of our best. The 38X donor cow out of 54N by Tank was the top selling cow (other than 32N) at the MSU Legacy Dispersal. She is always a big topic of conversation when visitors go through the cow herd. In many ways she is kind of the model Hereford cow and is very fertile and productive averaging over 20 embryos on two flushes (only wish we had flushed her harder). Great opportunity here for her to make a Definate Difference in someone's breeding program now! 609D: May Game Changer natural calf out of 38X that has that deep, soggy cow look about her.

LOT 56C

These two Trust/Natalie 308N's have big time potential both in the ring and in production. Full sisters were high sellers for Worrells both in Texas and Denver mile high sale and another is a favorite cow in our program. Natalie's offspring are scattered across the country in over 35 herds. Both have that special look and are very easy on the eyes!

Big hipped, big topped, super stout truck of a herd bull prospect again out of the Trust/308N mating.
