The Goble family welcomes you to the 2020 edition of Definitely Different.

Is 2020 over yet? Where do you start to talk about it and will there ever be an end? It has been one crazy ride this year.

Here at Ridgeview the family is good. Jami's side business, selling meat, is doing great and became in high demand this year. I commend her on balancing her business, family and extra tasks daily.

As for the crops, they look okay. Hay is a little scarce, but really good quality. Pastures were hurt by insects this spring and have held out until now, but a shot or two of rain, to at least to give us the impression that grass isn't supposed to be brown, would be nice.

The cattle have done well and we are really impressed by the Duke offspring, so much that we turned out his first son on all the cows this spring. He was Lot X in our last years sale, purchased by In'tHout. He combines Duke, Revolution 4R X Trust and, in my opinion, the best Kilowatts daughter ever raised here with Peaches on the dam side.

All the consignors have faced this pandemic with the vision of bringing the best they have to offer again this year. There is no doubt, in my mind, these people always put their customers first through not only friendship, but support after the transaction is made. They will help anyone with questions, matings, semen and/or show feeding. Whatever questions you may have, they will be answered to make the most of anyone's investment. We welcome you to the sale this year with excitement for the future of the beef business.

LiveAuctions will be managing the online live bidding this year. It has been expressed to us that our customers are very comfortable with how they conduct business. All the consignors and sale staff are just an email or phone call away. They are willing to assist you if you can't make the trip to the sale.

In closing, I would like to send out a special thank you to Dave and Vicki Rollins for their continued support and friendship. We look forward to seeing you the second Sunday in October to see this exciting offering!

**Regards,
Bob**

- **Show heifer alert! Hayden will really catch your eye. She is super extended in her head and neck, stout made and level from hooks to pins. This super young April prospect by Logic is an ET daughter out of our feature cow Caitlyn that was our high seller to the Jones family in Wisconsin two years ago. Caitlyn recently was cow/calf champion at the Regional Junior Show as a five-year-old. BJ loves her calves this year!**

- Holland has three National Champions in her immediate pedigree: Logic, Belle Aire and Poker Face! This goggle-eyed girl is really feminine about her head and neck and doesn't sacrifice any maternal traits in the center of her body. She is extremely proportional about her design with a structurally correct hind leg.
